OFFICE OF THE DEAN OF STUDENTS

April 29, 1964

Memorandum to Chancellor Russell D. Niles

For your consideration and on behalf of the committee, I am transmitting herewith the formal proposal of the Ad Hoc Committee on FM Radion Broadcasting Station at New York University.

We are agreed that an undertaking of this scope will require additional thought to determine policy at the operational level. We do, however, feel that the decision to either go ahead with the plans after appropriate approval is obtained or to defer any further action until a later date should be determined at this time.

For this reason we request an opportunity for a number of the committee members to meet with you at your earliest convenience after you have had an opportunity to review the material.

Dean of Students
